

Instructions for Accessing Catholic Brain on a Computer

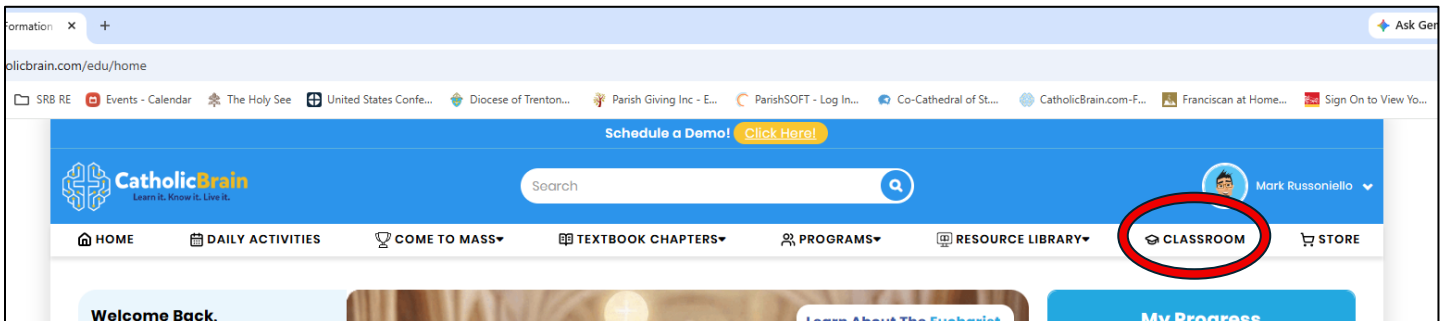

1. Go to catholicbrain.com

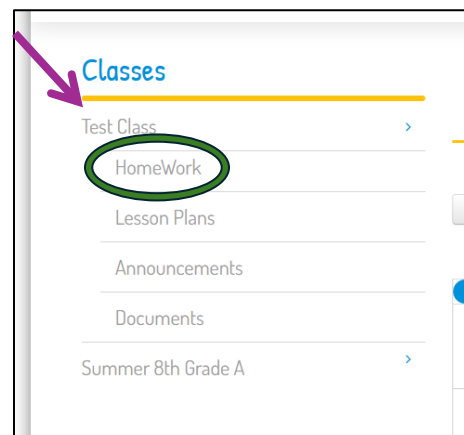

2. Enter your username and password
(Passwords may be changed but the Religious Ed Office will not have access to them if forgotten)

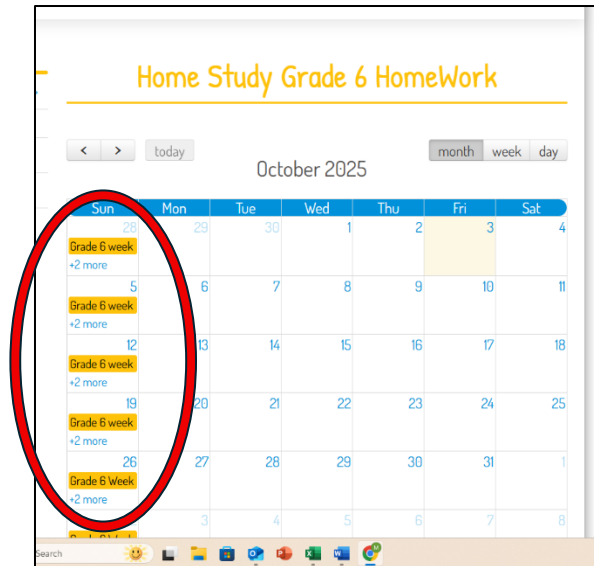

3. From the navigation banner, select **Classroom**

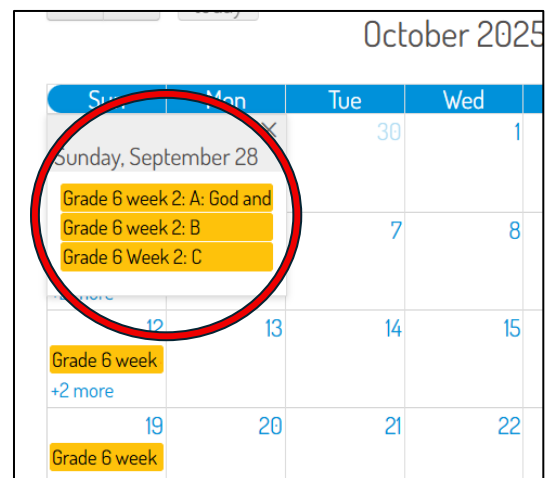

4. In the left panel, click on your **child's class**, and select **Homework** from the dropdown list.

5. The calendar to the right will populate all the weekly assignments.

6. Click on each of the homework assignments to open a new tab and complete the work.

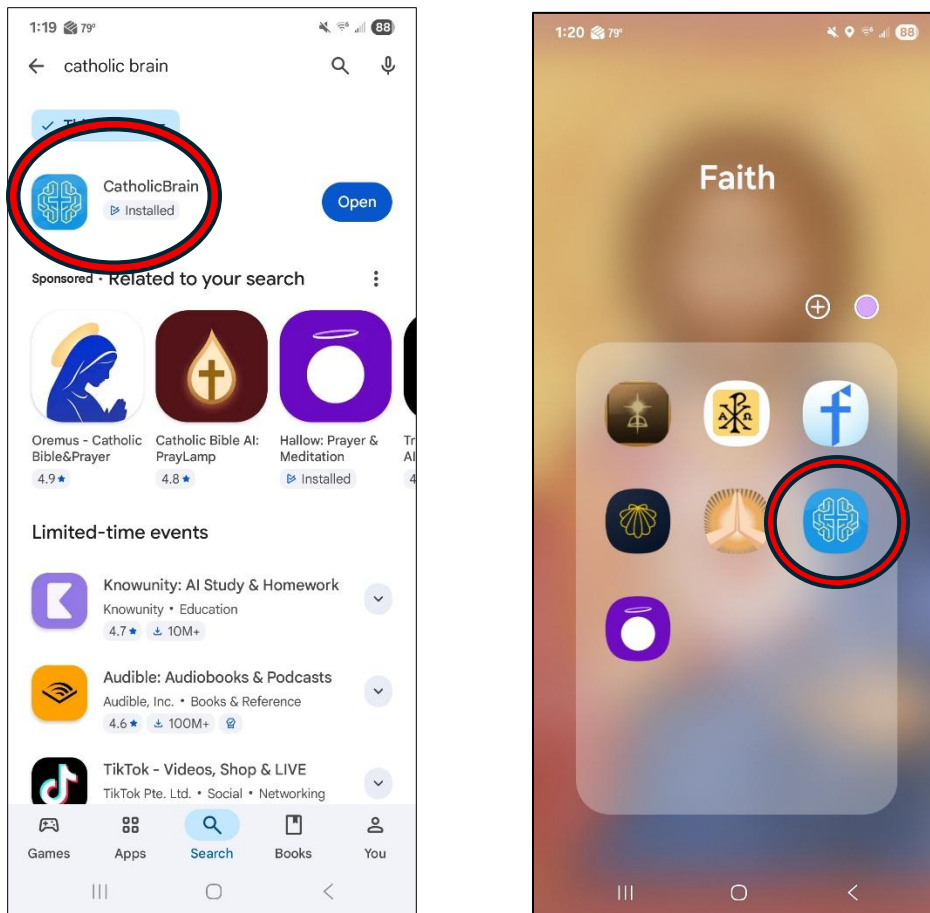

7. Complete each week at your own pace. **All assignments should be completed by May 31st.**

Instructions for Using the Catholic Brain Smartphone App

1. Search for Catholic Brain in your smartphone. The app is available through the Apple Appstore and Google Play.

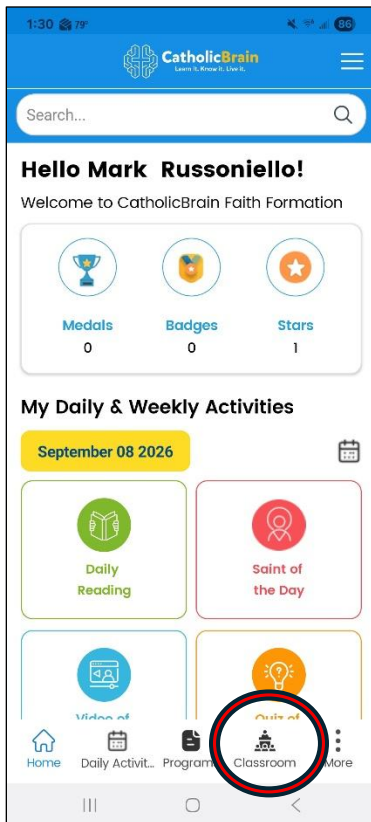

2. Install the Catholic Brain app on your phone.

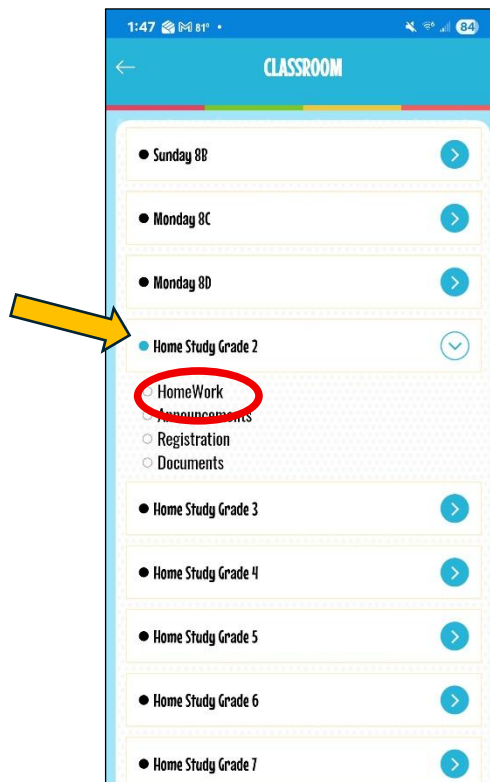

3. Open the app. Log in using your assigned username and password.

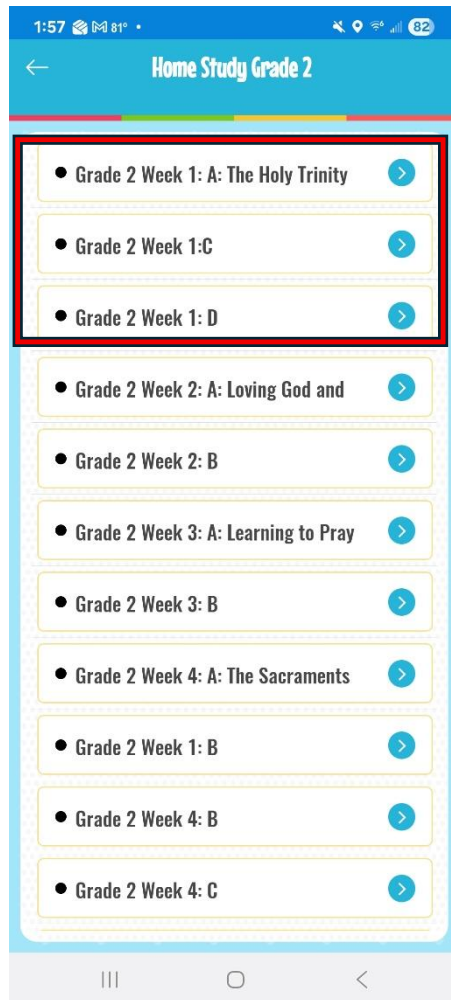

4. Select **Classroom** from the navigation banner at the bottom

5. Click on your **Grade** & Select **HOMEWORK**. Only the grade in which your child is enrolled will appear. If you have multiple children, each must log into the app separately.

6. Select the Homework for the week. There may be multiple assignments to complete each week. Each assignment must be opened separately. Assignments are labeled as Grade _ Week _ A, etc. Assignments may include a video lesson, some short reading, a fun quiz, and a game.

7. Select **View Homework** to open and complete the assignment
